

AL15

Cleaner

Antiscale cleaner

PRODUCT FEATURES.

AL15 Cleaner is based on natural organic acids, thoroughly sanitizes and removes limescale from all surfaces of a shower stall.

Its special formula is designed for routine cleaning and extraordinary maintenance of glasses with SIOXGEL anti-scale treatment. Being free of strong acids, the product is non-corrosive, and it acts gently on all surfaces of the shower stall (crystals, profiles, faucets, shower trays, linings).

SIZE

Handy 500 ml bottle with spray nebulizer

INSTRUCTIONS FOR USE.

Spray directly onto the surface to be cleaned and wipe with soft sponge.

Leave on for a few seconds and rinse with water.

Dry the surface with soft, dry cloth.

In case of tenacious encrustation, repeat the operation and leave for no more than 10 minutes.

COMPATIBILITY

AL15 Cleaner is suitable on: crystal, crystal with SIOXGEL treatment, aluminum faucets and profiles (polished, anodized, painted) steel (polished, chrome, satin), plastic and gaskets, glazed ceramic, porcelain, corian, resin shower trays.

DO NOT USE ON MARBLE.

DO NOT USE WITH BLEACH.
